PRINCE KUMAR

Bangalore, India | P: +91 7667116505 | princekr643@gmail.com

EDUCATION

BACHELOR OF TECHNOLOGY   2020- 2024
Computer Science and Engineering
CMR University, Bengaluru, Karnataka

12TH GRADE   2017-2019
+2 High School Sonai, Madhubani, Bihar

10TH GRADE   2016-2017
+2 High School Sonai, Madhubani, Bihar

UNIVERSITY PROJECTS

CAR RENTAL UI

- Designed and implemented an HTML and CSS-based Car Rental User Interface, prioritizing user engagement and friendliness to enable seamless navigation, selection, and booking of rental cars.

STUDENT MANAGEMENT SYSTEM

- Developed a Student Management System utilizing a singly linked list data structure, facilitating efficient organization and management of student information, including enrollment details, academic records, and personal data, streamlining administrative tasks and enhancing data accessibility.

FREELANCING PLATFORM

- Built a dynamic Freelancing Platform using the MERN stack, connecting students with internship opportunities and skill enhancement tasks, fostering a collaborative environment for professional growth and hands-on learning experiences.

CUSTOMER SEGMENTATION FOR E-COMMERCE

- Implemented Customer Segmentation using K-Means Clustering algorithm in an E-commerce context, leveraging data-driven insights to categorize and target diverse customer groups, enhancing personalized marketing strategies

TECHNICAL SKILL

- C/C++
- C#
- PYTHON
- DATA STRUCTURES AND ALGORITHM
- DBMS
- SQL
- HTML
- CSS
- BOOTSTRAP
- FIGMA
- GIT AND GITHUB

ACHIEVEMENTS & CERTIFICATE

- Certificate of completion (Udemy): C, C++
- Certificate of completion (Coding Ninjas): Data Structures and Algorithm
- Solved more then 200+ questions based on Data Structures and Algorithm on different platform

I hereby declare that the information provided above is true to my knowledge.   - Prince Kumar
